

CERT 48-06
December 01, 2006
PUBLIC NOTICE

S. C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
COASTAL ZONE MANAGEMENT CONSISTENCY CERTIFICATION

In accordance with the S. C. Coastal Zone Management Act of 1977, as amended, Chapter V, S. C. Coastal Zone Management Program Document and the S. C. Administrative Procedures Act, the following projects have been received for determination of consistency with the S. C. Coastal Zone Management Program. Information on the Projects is available for public inspection at the:

*Office of Ocean and Coastal Resource Management
S. C. Department of Health and Environmental Control
1362 McMillan Avenue, Suite 400
Charleston, South Carolina 29405*

Comments must be received within ten days of the date of this public notice by December 11, 2006. The following projects are listed by project name or applicant, location, type of activity, type of permit, and permitting agency (see attached list of abbreviations and keys)

Beaufort County

H. E. McCracken Middle School, Permit ID# 07-06-10-12, Number SCR10E573, TMS# R610-038-000-0049-0000, located at 250 H. E. McCracken Circle, Bluffton, OCRM (SW)
McCally Creek Subdivision, Permit ID# 07-06-11-06, Permit Number SCR10E741, TMS# R100-016-000-0065-0000, located at Carolina Avenue and Ihly Farm Road, Beaufort, OCRM (SW)
Cottage Bluff Subdivision, Permit ID# 07-06-11-07, Permit Number SCR10E757, TMS# R100-010-000-043A-0000, R100-010-000-0049-0000, and R100-010-000-049F-0000, SCDHEC 56433/34626, located off Sam's Point Road near Holly Hall Road, Lady's Island, OCRM (SW) (WW/WS) **Note: This project is proposed to impact 0.07 acres of federally non-jurisdictional wetlands. This plan will fill all of a 0.07 acre wetland for a total impact of 0.07 acres. Mitigation will be provided for this proposed impact by purchase of credits from an off-site mitigation bank.**
Ethan Allan, Permit ID# 07-06-11-08, Permit Number SCR10E758, TMS# R603-021-000-0305-0000, located at 115 Okatie Center Boulevard North, OCRM (SW)
Overlook at Battery Creek, Phase 2, Permit ID# 07-06-11-09, Permit Number SCR10E762, TMS# R120-032-000-001C-0000, located on Mink Point Boulevard, Beaufort, OCRM (SW)
Heritage at New Riverside Amenity Center, Permit ID# 07-06-11-10, Permit Number SCR10E771, TMS# R610-035-000-0014-0000 and R610-035-000-0015-0000, SCDHEC# 56463/34727, located on S. C. Highway 46, Bluffton, OCRM (SW) (WW/WS)
Oldfield Mews, Permit ID# 07-06-11-11, Permit Number SCR10E788, TMS# R603-008-000-0359-0000, SCDHEC# 56543/34786, located on Highway 170 near Camp Street and Mary's Road, Beaufort, OCRM (SW) (WW/WS)

Berkeley County

Medway Landing, Permit ID# 08-06-09-10, Permit Number SCR10E738, TMS# 235-00-00-033, 034, & 038, WW/WS, SCDHEC# 34706/56450, located approximately 600' from Evergreen Magnolia Avenue and Montague Plantation Road, Goose Creek, OCRM (SW) (WW/WS)
BEC Lebanon Substation, Permit ID# 08-06-09-12, Permit Number SCR10E780, TMS# 117-00-00-141, located at 1588 Mudville Road, OCRM (SW)
Revelation Church, Permit ID# 08-06-11-06, Permit Number SCR10E748, TMS# 244-14-05-024, located at 3 Henderson Drive, Goose Creek, OCRM (SW)
Old Dairy Road Borrow Pit Fill, Permit ID# 08-06-11-07, Permit Number SCR10E750, TMS# 207-00-01-069, located off of Old Dairy Road between Arabian Drive and Landfill Road, OCRM (SW)

Charleston County

Rail Improvements for Kinder Morgan, Phase 1-B, Permit ID# 10-06-10-34, Permit Number SCR10E557, TMS# 466-00-00-003, located at the corner of Meeting Street and Greenleaf Street, OCRM (SW)
NEVO/Skid Pan, Permit ID# 10-06-10-43, Permit Number SCR10E648, TMS# 400-00-00-051, located off the old Charleston Navy Base off of Bainbridge Avenue @ Holland Street, OCRM (SW)
Baker Motors-Leinbach Street Parking Lot, Permit ID# 10-06-11-13, Permit Number SCR10E710, TMS# 349-01-00-038, located at the intersection of Markfield Drive and Leinbach Street, OCRM (SW)
Old Tea Farm Road, Permit ID# 10-06-11-17, Permit Number SCR10E767, TMS# 244, located at the intersection with Davison Road, Ravenel, OCRM (SW)
Cross Creek Medical Office Building, Permit ID# 10-06-11-18, Permit Number SCR10E768, TMS# 424-00-00-013, WW/WS, SCDHEC# 34726/56455, located at 325 Folly Road, OCRM (SW) (WW/WS)
Public Road at Centre Pointe, Phase 2, Permit ID# 10-06-11-20, Permit Number SCR10E776, TMS# 400-00-00-091, WS, SCDHEC# 34746/56473, located behind the Shoppes at Centre Pointe, North Charleston, OCRM (SW) (WS)

Colleton County

Edisto Terrace, Permit ID# 15-06-11-01, Permit Number SCR10E697, TMS# 178-00-00-200, located 1640 LF west from intersection to US 17A and Mabel T. Willis Boulevard, Walterboro, OCRM 9SW)

Dorchester County

Leisure Depot Warehouse, Permit ID# 18-06-11-07, Permit Number SCR10E778, TMS# 181-00-00-078, located at 8250 Dorchester Road, North Charleston, OCRM (SW)

Horry County

Clear Pond, Phase 2, Permit ID# 26-06-10-22, Permit Number SCR10E683, TMS# 152-00-01-019, WW/WS, SCDHEC# 34106/56459, located at the end of Gardner Lacy Road at Myrtle Beach National, OCRM (SW) (WW/WS)
Damon's Restaurant, Permit ID# 26-06-11-11, Permit Number SCR10E723, TMS# 144-10-02-003, located at the corner of Highway 17 and 7th Avenue South, North Myrtle Beach, OCRM (SW)
Sago Plantation, Permit ID# 26-06-11-12, Permit Number SCR10E733, TMS# 162-00-01-091, located approximately 1500' from Legends Drive and U. S. Highway 501, Myrtle Beach, OCRM (SW)
St. Johns Ridge, Permit ID# 26-06-11-13, Permit Number SCR10E740, TMS# 122-00-05-191, located off of Dunn's Shortcut Road, Conway, OCRM (SW)
Watertower Road/S.C. 31 Interchange, Permit ID# 26-06-11-14, Permit Number SCR10E742, TMS# 155-00-01-03, located at the intersection of Watertower Road and S. C. 31, Horry County, OCRM (SW)
Cummins Atlantic-Highway 701, Permit ID# 26-06-11-15, Permit Number SCR10E764, TMS# 070-00-02-121, located on Highway 701 and Clio Road, Loris section of Horry County, OCRM (SW)
The Brickyard at Galivants Ferry, Permit ID# 26-06-11-16, Permit Number SCR10E765, TMS# 053-00-01-081, 084, & 085, located on SC Highway 129 and Tolar Road, north of Aynor, OCRM (SW)
Cabana Beach Club, Permit ID# 26-06-11-17, Permit Number SCR10E774, TMS# 165-00-01-070, located at the east end of Grande Dunes Boulevard, Myrtle Beach, OCRM (SW)

Jasper County

JS Construction-Lot 14 D, Permit ID# 27-06-11-05, Permit Number SCR10E766, TMS# 080-00-03-38, located at 388 Browns Cove Road, Riverwalk, OCRM (SW)

AGENCIES ABBREVIATION

BCDCOG	Berkeley, Charleston, Dorchester Council of Governments
BCWSA	Berkeley County Water and Sanitation Authority

PERMITS AND OTHER ABBREVIATIONS

404	placement of dredged or fill material in wetlands
AIWW	Atlantic Intracoastal Waterway
AMP	archaeological master plan
A-95	grant review form
AQ	air quality
COG	council of governments
CPW	commissioners of public works
DMP	dock master plan
FC	federal consistency
GR	misc. grant review
LF	landfill
ND	no discharge
NWP	nation wide permit
OTHER	misc. permit, grant, or plan
PER	preliminary engineering report
S/D	subdivision
SCNW	South Carolina Navigable Waters
SW	stormwater
UST	underground storage tank
WMP	wetland master plan
WS	water supply
WSA	water and sewer authority
WW	wastewater
WTP	wastewater treatment plant

SPECIAL NOTES

***DMPs** Dock Master Plans - OCRM is reviewing the listed DMPs for planning purposes only. Permitting decisions will occur when *future dock applications* are processed by OCRM for individual property owners. This document is used as a planning tool it is not subject to the appeal. OCRM welcomes comments from the public on these planning documents.

****WMPs** Wetland Master Plans – OCRM is reviewing the listed WMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM, which include impacts to freshwater wetlands. This document is used as a planning tool; it is not subject to appeal. OCRM welcomes *comments from the public* on these planning documents.

*****SWMPs** Stormwater Master Plans – OCRM is reviewing the listed SWMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM. OCRM welcomes comments from the public on these planning documents.

******PERs** Preliminary Engineering Reports – OCRM is reviewing the lists PERs for the purpose of commenting to other sections of DHEC concerning this document. OCRM will not be issuing a coastal zone consistency certification at this time but providing comments. If this proposal moves forward to the permitting process, OCRM would at that time do a full coastal zone consistency review.

RECEIVED

NOV 17 2006
Notice of Intent (NOI) for Stormwater Discharges from
Large and Small Construction Activities,
DHEC-OCRM
NPDES General Permit SCR100000
BEAUFORT OFFICE

56432

For official use only

File number: 0706-1107
Permit number: SCR100707
Submission package complete: 11-20-06
Public Notice Start Date (OCRM only): 12-1-06

For official use only

Submission of an NOI constitutes notice that the entity identified in Section I intends to be authorized under SCR100000. Instructions on page 4.

Date: 11/16/2006

Project/ Site Name: Cottage Bluff Subdivision County: Beaufort

Do you want this project to be considered for the Expedited Permitting Program (EPP)? ☐ Yes ☒ No (See instructions.)

I. Project Information

Project Owner/ Operator (Company or person): BEAUFORT LAND & CATTLE CO, LLC
Permit Contact (If owner is company): Steve Mitchell Company EIN: 57-1074273
Mailing Address: P.O. 1364 City: Beaufort State: SC Zip: 29901
Phone: (Day) 843-379-7867 (Mobile) 843-575-1713 (Fax) 843-579-1214
Email address (optional): Steve.McLargan@comcast.com

II. Property Information

A. Site Location (street address, nearest intersection, etc.): Off of Sams Point Rd near Holly Hall R
City/ Town (if in limits): N/A Latitude: 32° 26' 36" N Longitude: 80° 38' 18" W
Tax map # (list all): R100-010-000-043A-0000; R100-010-000-049-0000; R100-010-000-049F
B. Property Owner (if different from section I above): Same as Item I
Mailing Address: _____ City: _____ State: _____ Zip: _____
Phone: (Day) _____

III. Site Information

A. Disturbed area (to the nearest tenth of an acre): 4.3 Total area: 4.3
B. Is this project part of a Larger Common Plan for Development or Sale (LCP)? ☐ Yes ☒ No
If yes, what is the previous state permit number? _____ Previous NPDES number: SCR10 _____
LCP/ Overall Development Name: _____
C. Start Date (MM/DD/YYYY): 01/01/2007 Completion Date: 01/01/2008
D. Is this site located on Indian Lands? ☐ Yes ☒ No If yes, name of reservation: _____
E. Type of Activity (check all that apply):
☐ Commercial ☒ Residential: Single-family ☒ Linear (Roads, utility lines, etc.) ☐ Other:
☐ Institutional ☐ Residential: Multi-family ☐ Site Preparation (No new impervious) _____
F. Are there any flooding problems downstream or adjacent to this site? ☐ Yes ☒ No
G. Is this NOI being submitted in response to a Notice to Comply issued by S.C. DHEC? ☐ Yes ☒ No
H. Is any part of the property located inside an MS4 or urbanized area? ☐ Yes ☒ No
If yes, list the MS4 operator or urbanized area name: _____

IV. Waterbody Information

A. Nearest receiving waterbody(s): Beaufort River Distance to this waterbody (feet): 3696
Next/Nearest named receiving waterbody(s): Atlantic Ocean

B. Wetlands/ Waters of the State

	On the site?	If yes, delineated/identified?	Impacts?	Amount of impacts
1. Waters of the U.S./ State	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	____ Ac ____ Feet
a. Perennial stream(s)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	____ Ac ____ Feet
b. Intermittent stream(s)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	____ Ac ____ Feet
c. Ephemeral stream(s)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	____ Ac ____ Feet
d. Jurisdictional wetlands	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	____ Ac ____ Feet
e. Non-jurisdictional wetlands	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	<u>0.7</u> Ac ____ Feet
f. Other (List):	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	____ Ac ____ Feet

2. If yes for impacts in item B.1, has a USACOE permit been applied for or obtained for those impacts?
☒ Yes ☐ No : N/A If yes, list the permit/ application number. SAC-87-2005-2712

C. Impaired Waterbodies

Do stormwater (SW) discharges from the site drain to a watershed that drains to a DHEC WQ monitoring site (WQMS)...

1. Listed on the most current 303(d) List for Impaired Waters? ☐ Yes ☒ No
 - a. If yes for (1), is there an unimpaired WQMS between your site and the impaired WQMS? ☐ Yes ☐ No
 - b. If no for (a), list the waterbody. Beaufort River List the impairment(s). DO
 - c. Will construction SW discharges from your site contain the pollutant(s) of impairment? ☐ Yes ☒ No
 - d. If yes for (c), will use of the selected BMPs ensure that the site's discharges will not contribute to or cause further water quality standard violations? ☐ Yes ☐ No
2. For which a TMDL(s) has been developed? ☐ Yes ☒ No
 - a. If yes for (2), list the waterbody. _____ List the impairment(s). _____
 - b. Has the standard been attained for the impairment(s)? ☐ Yes ☐ No
 - c. If no for (b), will construction SW discharges from your site contain the pollutant of impairment?
☐ Yes ☒ No
 - d. If yes for (c), are your discharges consistent with the assumptions and requirements of the TMDL(s)?
☐ Yes ☐ No
 - e. If no for (d), will use of the selected BMPs ensure that the site's discharges will not contribute to or cause further water quality standard violations? ☒ Yes ☐ No

- D. Are S.C. Navigable Waters (SCNW) on the site? ☐ Yes ☒ No If yes, list the SCNW: _____
- Will any construction activities cross over or occur in, under, or through the SCNW? ☐ Yes ☐ No
- If yes, then describe activity (e.g., road crossing, sub aqueous utility line). _____
- Has an SCNW permit been issued for this site? ☐ Yes, for all activities ☐ Yes, for some activities ☐ No
- If yes, list permit number and corresponding activities. _____

V. Operator Information

- A. SWPPP Preparer: Jeff P. Ackerman, P.E. S.C. Registration #: 19046
Company/ Firm: Carolina Engineering Consultants Inc S.C. COA #: C02224
Mailing Address: P.O. Box 294 City: Beaufort State: SC Zip: 29901
Phone: (Day) 843-322-0553 (Mobile) N/A (Fax) 843-322-0556
Email address (optional): jeffa@carolinaengineering.com
- B. Operator of Day-to-Day Site Activities [ODSA] (Company or person): Not known at this time
Site Contact (if ODSA is company): _____
Mailing Address: _____ City: _____ State: _____ Zip: _____
Phone: (Day) _____ (Mobile) _____ (Fax) _____

VI. Signatures and Certifications

- A. One copy of the SWPPP, all specifications and supporting calculations, forms, and reports are herewith submitted and made a part of this application. I have placed my signature and seal on the design documents submitted signifying that I accept responsibility for the design of the system. Further, I certify to the best of my knowledge and belief that the design is consistent with the requirements of Title 48, Chapter 14 of the Code of Laws of SC, 1976 as amended, pursuant to Regulation 72-300 et seq., and in accordance with the terms and conditions of SCR100000. (This should be person identified in Section V.A.)
- Please check one. ☒ Engineer ☐ Tier 2 Land Surveyor ☐ Landscape Architect

Jeff P. Ackerman, P.E.

Printed name of SWPPP Preparer

Signature of SWPPP Preparer

19046

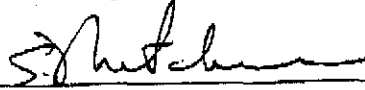

S.C. Registration #

- B. I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

I hereby certify that all land-disturbing construction and associated activity pertaining to this site shall be accomplished pursuant to and in keeping with the terms and conditions of the approved plans and SCR100000. I also certify that a responsible person will be assigned to the project for day-to-day control. I hereby grant authorization to the Department of Health and Environmental Control and/or the local implementing agency the right of access to the site at all times for the purpose of on site inspections during the course of construction and to perform maintenance inspections following the completion of the land-disturbing activity. (See Section 122.22 of S.C. Reg. 61-9 for signatory authority information.)

Title/ Position

NPDES CGF Fee Schedule B

(Beaufort, Berkeley, Charleston, Colleton, Dorchester, Georgetown, Horry, and Jasper Counties)

Please print or type. Do not send payment in window envelope. DO NOT MAIL CASH. This schedule should be attached to DHEC Form 2617. The Department will notify the Project Owner/ Operator if the submitted check or credit card payment cannot be processed. The review clock will start when acceptable payment is received.

1. Is this project located within 1/2 mile of a receiving waterbody? ☐ Yes ☒ No

If yes, proceed to item 2. If no, proceed to item 3.

2. Will this project or LCP ultimately disturb more than 0.5 acre? ☒ Yes ☐ No

\$ _____ .00

a. If yes, then enter \$125 in right-hand column and proceed to item b. If no, then submission of an NOI for NPDES coverage under SCR100000 is not required.

\$ 125 .00

b. Review Fees

If this project is owned by S.C. Department of Transportation, then review fees are not initially required*. Proceed to item 4. If this project is exempt from S.C. Reg. 72-300 et seq., specifically 72-302, then review fees are not initially required**. Proceed to item 4. Otherwise, enter review fees of \$100/ disturbed acre (see item III.A of the application) in right-hand column. The review fees cannot exceed \$2000. Proceed to item 4.

3. Will this project or LCP ultimately disturb 1 or more acres? ☒ Yes ☐ No

\$ _____ .00

a. If yes, then enter \$125 in right-hand column and proceed to item b. If no, then coverage under SCR100000 is not required.

b. Will this project or LCP ultimately disturb more than 2 acres? ☒ Yes ☐ No

\$ 430 .00

If no, then review fees are not initially required**. Proceed to item 4.

If this project is owned by S.C. Department of Transportation, then review fees are not initially required*. Proceed to item 4. If this project is exempt from S.C. Reg. 72-300 et seq., specifically 72-302, then review fees are not initially required**. Proceed to item 4. Otherwise, if yes, enter review fees of \$100/ disturbed acre (from item III.A of the application) in right-hand column. The review fees cannot exceed \$2000.

\$ 555 .00

4. Total Required Fees

Add the values in the right-hand column. Maximum required fees are \$2125. The Department will not review this project until all required fees are received.

* If the Department will review the project, then the Department will notify the Project Owner/ Operator in writing within 10 business days of receipt of the complete NOI and request review fees.

** If the Department will review the project, then the Department will notify the Project Owner/ Operator in writing within 20 days of receipt of the complete NOI and request review fees.

Payment by Check:

If paying by check, fill out information and attach check below. Make sure check is signed and is not past its presentment date. Make sure the check is for the entire amount of required fees.

STAPLE CHECK HERE

Make check payable to: S.C. DHEC.

Payment by Credit Card:

If paying by credit card, fill out information. Make sure that the authorized signature is complete.

Notification of Public Notice

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the applications. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number: OCRM-06-194-L
Permit ID: 55076

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Lorraine C. Demarois
1126 Tidal View Lane.
James Island, SC 29412

LOCATION: On and adjacent to a tributary of Clark Sound at 1126 Tidal View Lane., James Island, Charleston County, South Carolina.
TMS#: 428-14-00-162.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the applicant seeks to construct a 4' x 78' walkway leading to a 5' x 10' fixed pierhead. Ebbside of the pierhead, a 10' x 4' manual boatlift is proposed. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006. For further information please contact the project manager for this activity, Amanda Flake at 843-747-4323 ext. 149.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number: OCRM-06-339-M
Permit ID: 56064

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Ray Gardner
C/O Dockmasters Construction, LLC
491 Main Road
Johns Island, SC 29455

LOCATION: On and adjacent to Abbapoola Creek at 3228 Legareville Road, Johns Island, Charleston County, South Carolina. TMS#: 321-00-00-027.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' by 40' walkway leading to a 20' by 20' covered fixed pierhead, both with handrails. Ebbside of the pierhead, a ramp will access a 10' by 20' floating dock. Floodside of the pierhead, the applicant proposes to install a covered, 12' by 12', four-pile boatlift. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

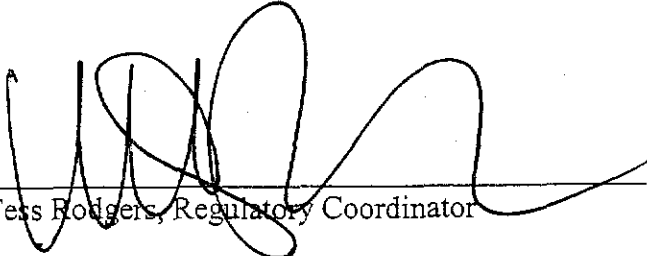

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

December 1, 2006

Permit Number: OCRM-06-358-M
Permit ID: 56357

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Timothy Bennett
C/O Dockmasters Construction, LLC
491 Main Road
Johns Island, SC 29455

LOCATION: On and adjacent to a tributary of the Stono River at 4036 Gift Blvd., Gift Plantation
Subdivision, Johns Island, Charleston County, South Carolina.
TMS#: 249-02-00-046.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' by 34' walkway leading to a 5' by 10' fixed pierhead, both with handrails. The applicant also proposes to install an 8' by 8', two-pile boatlift on the upstream side of the fixed pierhead. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

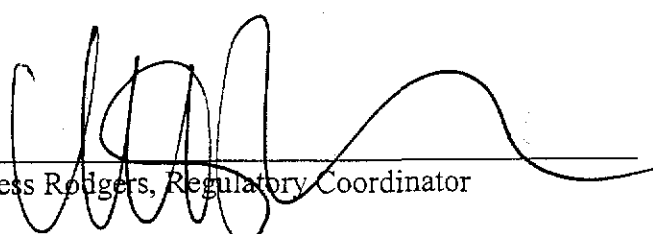

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number: OCRM-06-359-M
Permit ID: 56358

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Thad J. Doughty
C/O Dockmasters Construction, LLC
491 Main Road
Johns Island, SC 29455

LOCATION: On and adjacent to Bohicket Creek at Lot 40, Anchor Watch Drive, Anchorage Plantation Subdivision, Wadmalaw Island, Charleston County, South Carolina.
TMS#: 199-00-00-064.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' by 92' walkway leading to an 8' by 10' fixed pierhead, both with handrails. Floodside of the pierhead, the applicant proposes to install an 8' by 8', two-pile boatlift. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

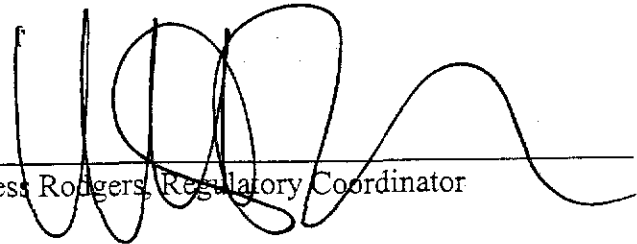

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number: OCRM-06-362-M
Permit ID: 56407

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Donna Kann
C/O Dockmasters Construction, LLC
491 Main Road
Johns Island, SC 29455

LOCATION: On and adjacent to Burden Creek at 2754 Burden Creek Road, Johns Island, Charleston County, South Carolina. TMS#: 317-00-00-037.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' by 107' walkway with handrails leading to an 8' by 10' fixed pierhead with a bench and handrails. Ebbside of the pierhead, the applicant proposes to install an 8' by 8', single-pile boatlift. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

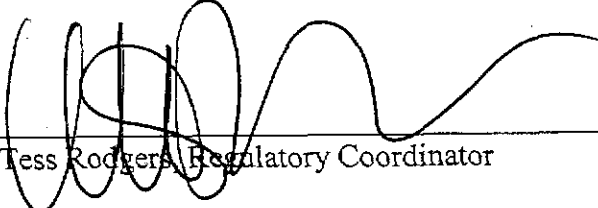

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

December 1, 2006

Permit Number: OCRM-06-363-R
Permit ID: 56414

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Mary Ann Peffer
C/O John E Wade Jr
PO Box 686
Isle of Palms, SC 29451

LOCATION: On and adjacent to Toomer Creek at 3572 Henrietta Hartford Rd, Tennyson at Parkwest,
Mount Pleasant, Charleston County, South Carolina.
TMS#: 594-12-00-176.

WORK: The work as proposed and shown on the attached plans consists of adding a boatlift to an existing structure. Specifically, the applicant seeks to add a 12' x 12', four-pile boatlift ebbside of an existing floating dock. The work as described is for the applicant's private, recreational use at a previously authorized joint-use structure. The joint-use structure was authorized under OCRM-00-161-J and has expired.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

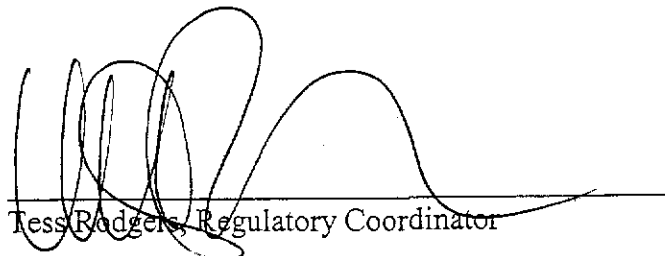

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006. For further information please contact the project manager for this activity, Tess Rodgers at 843-747-4323 ext. 116.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number: OCRM-06-364-M
Permit ID: 56419

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Earl E. Bartee
C/O Mr. Robert L. Frank
1923 Maybank Hwy.
Charleston, SC 29412

LOCATION: On and adjacent to Meggett Creek at 4715 Hwy 165, Meggett, Charleston County, South Carolina. TMS#: 162-00-00-239.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock and an erosion control device. Specifically, the dock will have a 4' by 183' angled walkway, leading to an 8' by 8' covered fixed pierhead, both with handrails. Ebbside of the pierhead, a ramp will access an 8' by 12' floating dock. Floodside of the pierhead, the applicant proposes to install a 12' by 12', four-pile boatlift. The proposed erosion control device will consist of a 4' high by 88' long timber bulkhead, with associated backfill, being constructed along a portion of the shoreline. The purpose of the activities are for the applicant's private recreational use along with erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

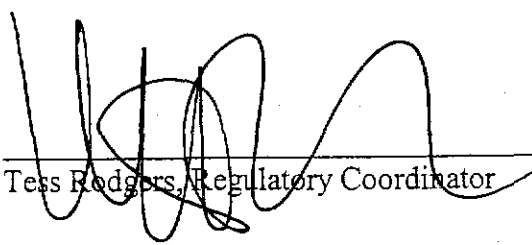

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number: OCRM-06-983
Permit ID: 56441

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Aslan Whitehall LLC
c/o Ward Edwards Inc
1613 Paris Avenue
Port Royal SC 29935

LOCATION: On and adjacent to the marshes of the Beaufort River at the end of White Hall Road, Lady's Island, Beaufort County, South Carolina.
TMS#: R200-014-000-0021-0000, R201-014-000-0028-0000.

WORK: The work proposed consists of placing rock revetment. The proposed structure will have 27.5 square yards of rip-rap at the end of a 36" outfall pipe. The purpose for the rip-rap is for erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number: OCRM-06-984
Permit ID: 56466

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Haig Point Club & Community Association
C/o Thomas & Hutton Engineering Company
P O Box 2727
Savannah GA 31402-2727

LOCATION: On and adjacent to the marshes of the Calibogue Sound at end of Freeport Drive and near Outer Banks Way, Daufuskie Island, Beaufort County, South Carolina.
TMS#: R800-022-000-0031-0000, R800-022-000-0001-0000.

WORK: The work proposed consists of constructing a rock revetment. Proposed are two structure sites one will be 150' long at a 3:1 slope and the second will be 180' long at a 3:1 slope. The purpose for the revetment is for erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006.

NOTES:

1. RIP-RAP SHALL MEET THE REQUIREMENT OF THE STATE OF SOUTH CAROLINA DEPARTMENT OF TRANSPORTATION STANDARD SPECIFICATIONS, SECTION 804.03. WRITTEN CERTIFICATION FROM THE SUPPLIER THAT RIP-RAP MATERIAL MEETS THESE REQUIREMENTS SHALL BE SUBMITTED TO THE ENGINEER FOR APPROVAL PRIOR TO PLACEMENT.
2. RIP RAP SHALL BE PLACED IN ACCORDANCE WITH SCDOT SPECIFICATION SECTIONS 804.13 AND 804.14 WITH A MAXIMUM FREE DROP OF 6" ABOVE THE WATER LINE AND 2'-0" BELOW WATER. ANY FABRIC DAMAGED BY RIP RAP PLACEMENT SHALL BE REMOVED AND REPLACED AT NO ADDITIONAL COST.
3. FILTER FABRIC SHALL BE IN ACCORDANCE WITH SCDOT SPECIFICATION SECTION 804.11 CLASS I AND SHALL BE INSTALLED IN ACCORDANCE WITH SCDOT SPECIFICATION SECTION 804.18 WITH A MINIMUM OVERLAP OF 2'-0".
4. FILL SHALL BE INORGANIC, NON-PLASTIC GRANULAR SOIL (CLEAN TO SLIGHTLY SILTY SANDS) WITH A MAXIMUM OF 15 PERCENT PASSING THE NO. 200 SIEVE. FILL SHOULD BE PLACED IN LEVEL LIFTS NOT TO EXCEED 12 INCHES LOOSE THICKNESS, AND SHOULD BE COMPACTED TO A MINIMUM OF 95% OF THE SOIL'S MODIFIED PROCTOR MAXIMUM DRY DENSITY AS DETERMINED BY ASTM SPECIFICATION D-1557. IN RESTRICTED WORKING AREAS, COMPACTON SHOULD BE ACCOMPLISHED WITH LIGHTWEIGHT, HAND-GUIDED COMPACTION EQUIPMENT, AND LIFT THICKNESSES SHOULD BE LIMITED TO A MAXIMUM OF 6 INCHES LOOSE THICKNESS.
5. GRAVEL BED SHALL BE #57 STONE UNWASHED.
6. REMOVE ALL TOPSOIL (APPROXIMATELY 2 INCHES OR LESS), TREES, MAJOR ROOT SYSTEMS (ROOTS LARGER THAN FINGER SIZE) AND OTHER DELETERIOUS MATERIALS FROM BENEATH THE CONSTRUCTION AREA. DURING SITE CLEARING, THE EXPOSED SOILS SHOULD BE CAREFULLY INSPECTED FOR THE PRESENCE OF DELETERIOUS MATERIALS (ORGANIC SOILS). IF ENCOUNTERED, THESE SOILS SHOULD BE REMOVED AND REPLACED WITH STRUCTURAL FILL PLACED AND COMPACTED IN LIFTS.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number: OCRM-06-985
Permit ID: 56462

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Harold L Stocker
C/o Atlantic Marine Construction Co Inc
372 County Shed Road
Beaufort SC 29906

LOCATION: On and adjacent to a tributary of Broomfield Creek at 232 Green Winged Teal Drive South, Lady's Island, Beaufort County, South Carolina.
TMS#: R200-005-00B-0068-0000.

WORK: The work proposed consists of re-constructing a private dock. The proposed structure will be 4'x135' walkway with handrails leading to a 10'x10' covered fixed pierhead. Off the right of the pierhead will be a 3'x24' ramp leading to an 8'x20' floating dock and with a 12'x13' 4 pile boatlift. The purpose for the dock is for the owner's private recreational use. **The existing old structure will be removed prior to construction.**

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number: OCRM-06-986
Permit ID: 56458

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Daniel Harrell
C/o Atlantic Marine Construction Co Inc
372 County Shed Rd
Beaufort SC 29906

LOCATION: On and adjacent to a tributary of Battery Creek at 90 Petigru Drive in Battery Point Subdivision, Beaufort, Beaufort County, South Carolina.
TMS#: R120-029-00A-0208-0000.

WORK: The work proposed consists of constructing a private dock. The proposed structure will have a 4'x248' walkway with handrails leading to a 10'x10' covered fixed pierhead. To the left of the pierhead will be a 3'x24' ramp leading to a 10'x16' floating dock. Off the right of the pierhead will be a 12'x13' 4 pile boatlift. The purpose for the dock is for the property owner's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 16, 2006.

Notification of Public Notice

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management and the U.S. Army Corps of Engineers. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the applications. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

NOVEMBER 22, 2006

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403) and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the South Carolina Department of Health and Environmental Control by

REED MCMASTER & PAULA HAMPTON
C/O DOCKS UNLIMITED INC.
POST OFFICE BOX 349
MOUNT PLEASANT, SOUTH CAROLINA 29465

for a permit to construct a dock, covered pierhead, and floating dock in the

ATLANTIC INTRACOASTAL WATERWAY

1474 Tolers Cove

at a location adjacent to lot 3 at the terminus of Marsh Harbor Lane in Charleston County, South Carolina (Latitude 32.772814, Longitude 79.845105)

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, TUESDAY, DECEMBER 26, 2006

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of constructing a 20' X 20' pierhead connected to high ground with a 240' X 4' dock. In addition a 4' X 24' ramp will connect the pierhead to a 10' X 30' floating dock. The purpose of the proposed work is for the landowners private recreational use.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the:

NOVEMBER 22, 2006

**U.S. Army Corps of Engineers
ATTN: REGULATORY DIVISION
69A Hagood Avenue
Charleston, South Carolina 29403-5107**

The work shown on this application must also be certified as consistent with applicable provisions of the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certification is received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review. Persons wishing to comment or object to State certification must submit all comments in writing to the South Carolina Department of Health and Environmental Control at the above address within thirty (30) days of the date of this notice.

This initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 0.038 acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project is not likely to adversely affect any Federally endangered, threatened, or proposed species or result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and

NOVEMBER 22, 2006

conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Elizabeth Jackson at 843-329-8044 or toll free at 1-866-329-8187.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

December 1, 2006

Permit Number: 2006-3419-2IM-P
Permit ID: 56184

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Scott Creek Community, LLC
C/o S&ME, Inc.
620 Wando Park Boulevard
Mount Pleasant, SC 29464

LOCATION: On and adjacent to Scott Creek, a tributary of Conch Creek, approximately 0.25 miles southwest of the intersection of Bowman Road and Rifle Range Road, Mount Pleasant, Charleston County, South Carolina (TMS# 560-00-00-001).

WORK: The work as proposed and shown on the attached drawings consists of constructing a private community dock. The proposed dock will consist of a 4' x 20' walkway with 36" high handrails and a 4' x 12' gangway leading to an 8' x 40' floating dock. The purpose of the proposed work is for the private recreational use of the current and future residents of the Scott Creek Community and their guests.
PLEASE NOTE: The Army Corps of Engineers public notice is attached, but OCRM required additional information and there are some variations in the two notices. For the sake of accuracy on comments to OCRM, please refer to the drawings marked December 1, 2006.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

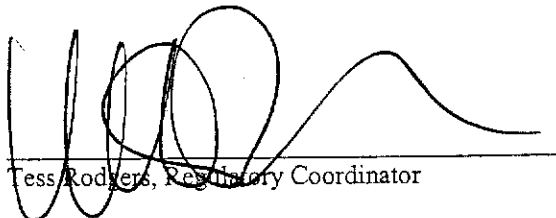

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

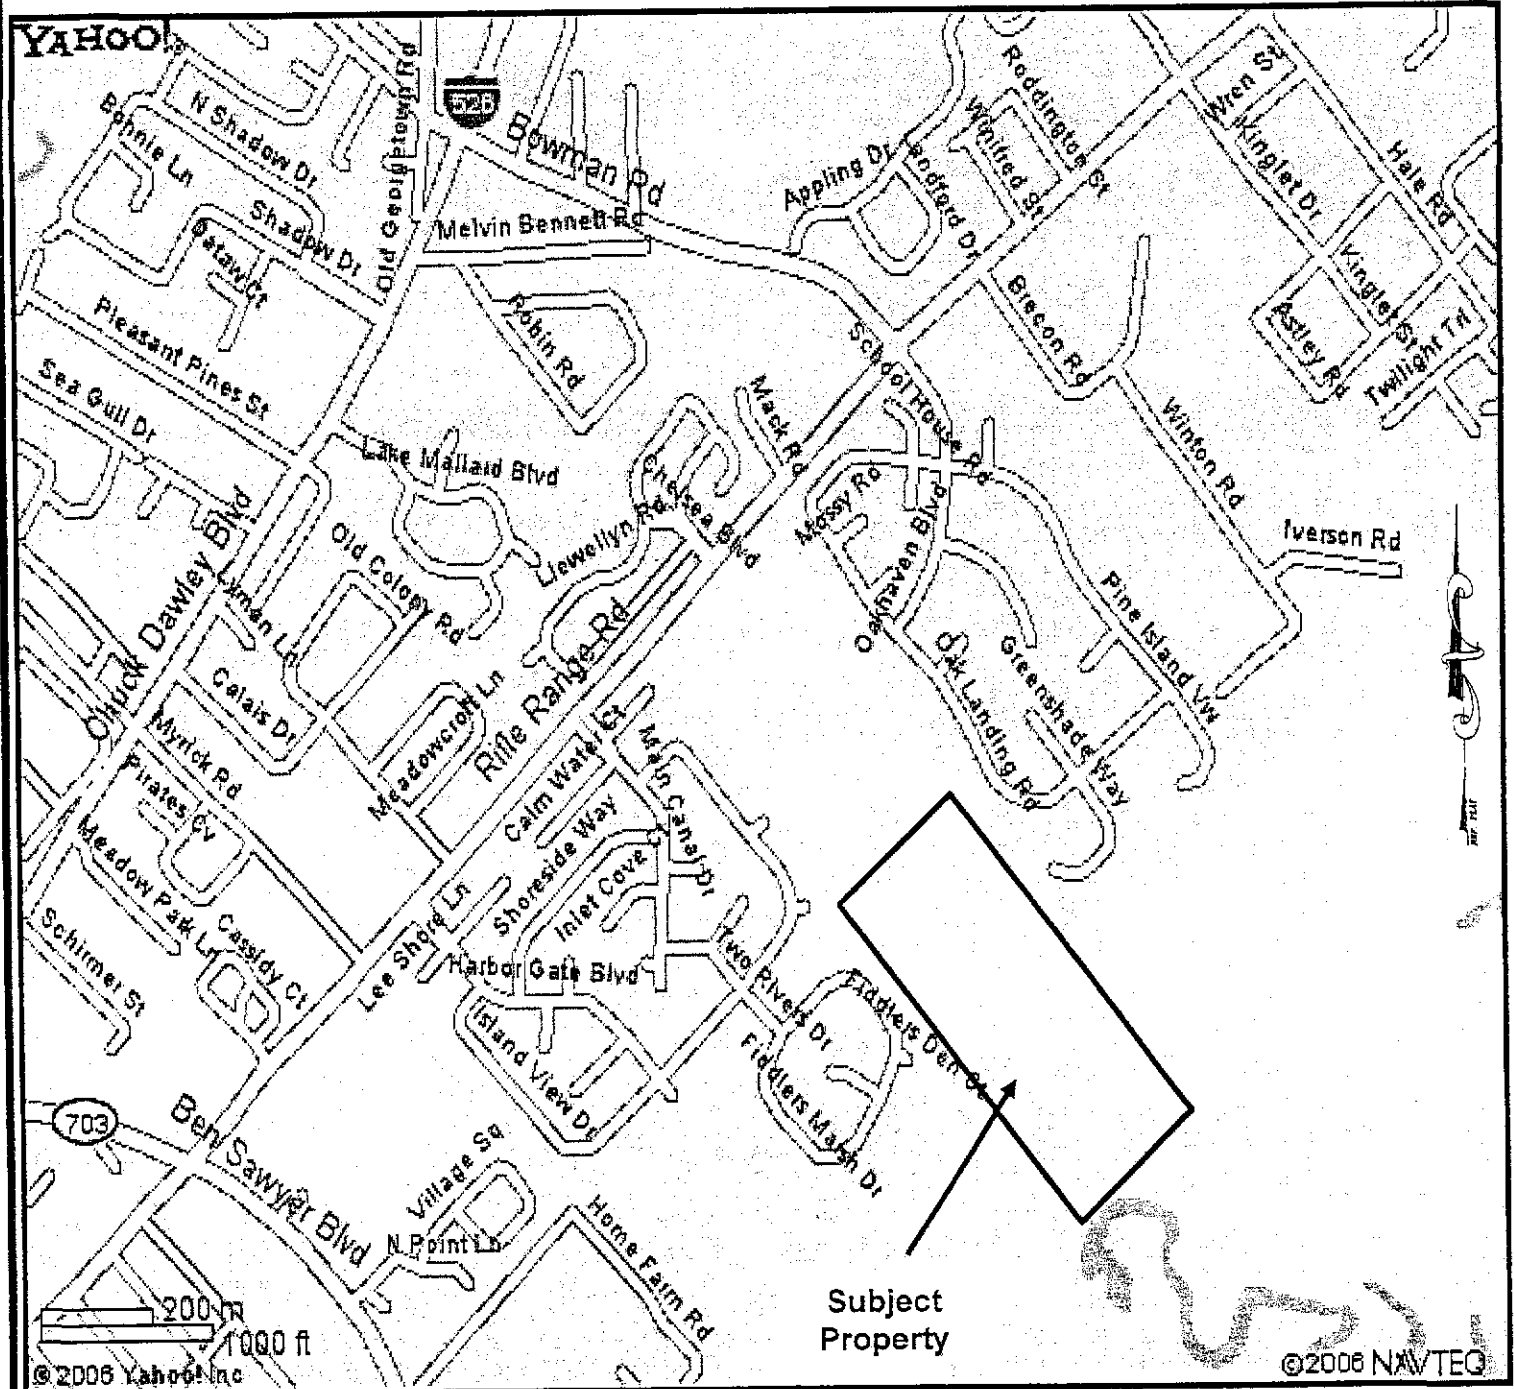

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 31, 2006. For further information please contact the project manager for this activity, Steven Brooks at 843-747-4323 ext. 118.

THE S.C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
Office of Ocean and Coastal Resource Management
1362 McMillan Avenue, Suite 400
Charleston, South Carolina 29405

REGULATORY DIVISION

Refer to: P/N #2006-3419-2IM

November 22, 2006

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the South Carolina Department of Health and Environmental Control by

SCOTT CREEK COMMUNITY, LLC
211 KING STREET SUITE 300
CHARLESTON, SOUTH CAROLINA 29401-3190

for a permit to construct a dock in

SCOTT CREEK

On Scott Creek is a tributary of Conch Creek. The property is approximately 0.25 miles southwest of the intersection of Bowman Road and Rifle Range Road, Mount Pleasant, Charleston County, South Carolina (Latitude 32.671722, Longitude -79.905333)

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, TUESDAY, DECEMBER 26, 2006

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of constructing a 4' x 20' walkway with handrails 36 inches high. The walkway will have a 4' x 12' ramp leading to a 8' x 40' floating dock. The purpose of the proposed work, as stated by the applicant, is for the private recreational use of the current and future residents of the Scott Creek Community and their guests. Note that a 14' x 18' covered gazebo will be constructed on high ground, and attached to the proposed structure. See attached drawings for details.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers
ATTN: REGULATORY DIVISION
69A Hagood Avenue
Charleston, South Carolina 29403-5107**

The work shown on this application must also be certified as consistent with applicable provisions of the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certification is received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review. Persons wishing to comment or object to State certification must submit all comments in writing to the South Carolina Department of Health and Environmental Control at the above address within thirty (30) days of the date of this notice.

This initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 408 square feet of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

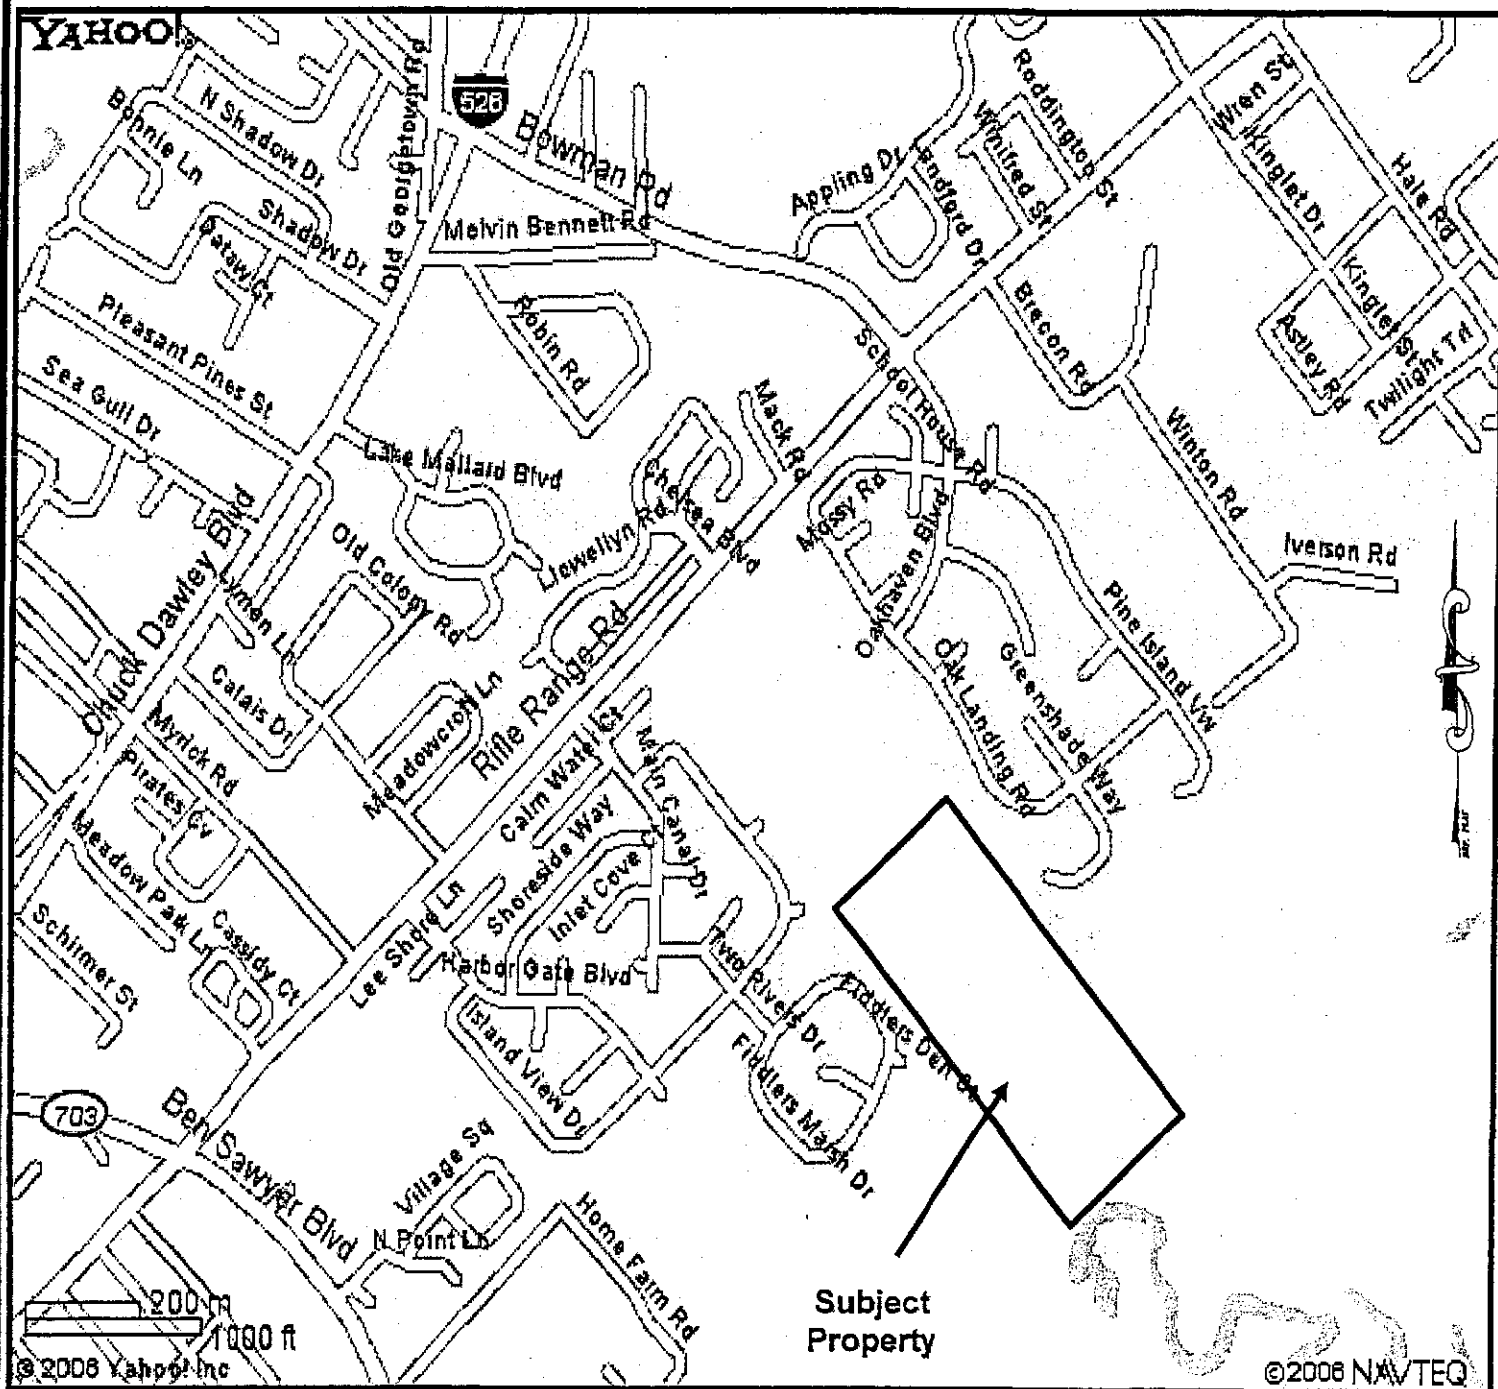

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and

conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Christopher Mims, at 843-329-8044 or toll free at 1-866-329-8187.

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, TUESDAY, JANUARY 2, 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of performing maintenance dredging of the area between the wharf and the adjacent Federal Navigation Channel. The proposed dredge depth is -40.0 feet MLW with 2 feet of overdepth. The material will be dredged by hydraulic dredge and disposed of at the Clouter Creek Upland Disposal Site via pipeline. The anticipated dredge volume per maintenance dredging event will be approximately 10,000 cubic yards over a 3.1 acre area annually. The purpose of the proposed work according to the applicant is to establish and maintain safe operating depths for deep draft vessels utilizing the Chem-Marine berth.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest

by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers
ATTN: REGULATORY DIVISION

Charleston, South Carolina 29403-5107**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 3.1 acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

Pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended), the District Engineer has consulted the most recently available information and has determined that the project is not likely to adversely affect any Federally endangered, threatened, or proposed species or result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request for written concurrence from the U.S. Fish and Wildlife Service and/or the National Marine Fisheries Service on this determination.

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include

application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Robin Collier-Socha at 843-329-8044 or toll free at 1-866-329-8187.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

December 1, 2006

Permit Number:
Permit ID:

SAC-2006-3423-1ID-P
56205

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Wexford Plantation Homeowners Association
C/o Kenneth F.P. Skodacek
110 Belle Isle Lane
Prosperity, South Carolina 29127

LOCATION: On and adjacent to Battery Creek at the Wexford Plantation Resort on Hilton Head Island, Beaufort County, South Carolina (TMS# R550 015 00D 0239 000)

WORK: The work as proposed and shown on the attached drawings consists of performing maintenance dredging in the entrance channel connecting Wexford Harbor to Broad Creek at Wexford Plantation Resort. The proposed dredge operation will consist of removing approximately 3500 cubic yards of material from two locations in the entrance channel by hydraulic dredge and pumping this material into an existing upland confined disposal area. The purpose of the proposed work is to maintain adequate water depths for boats accessing Broad Creek from Wexford Harbor. Maintenance dredging of the channel has been performed for the past ten years under P/N# 96-1D-049. **PLEASE NOTE:** The Army Corps of Engineers public notice is attached but OCRM required additional information and there are some variations in the two notices. For the sake of accuracy on comments to OCRM, please refer to the drawings marked December 1, 2006.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

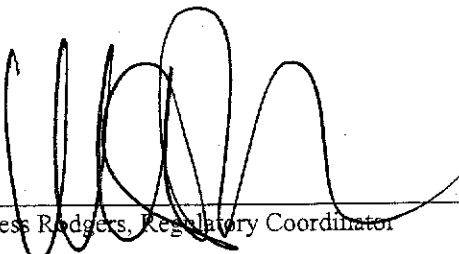

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

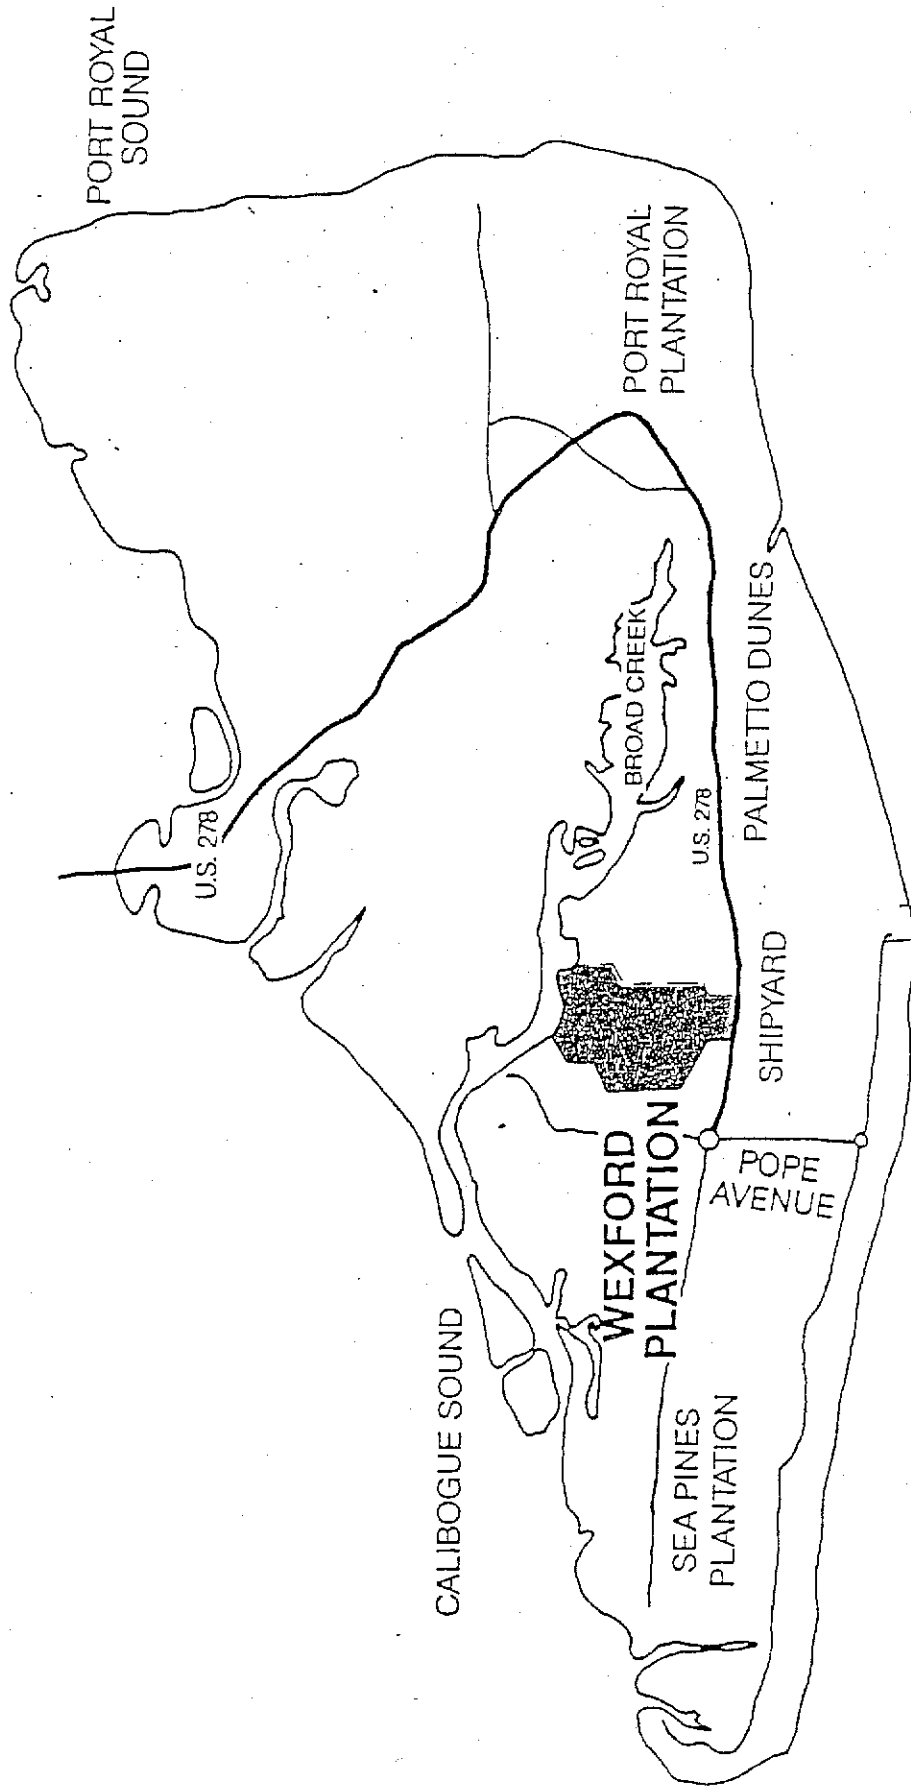

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 31, 2006. For further information please contact the project manager for this activity, Steve Brooks at 843-747-4323 ext. 118.

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), Sections 401 and 404 of the Clean Water Act (33 U.S.C. 1344) and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the S.C. Department of Health and Environmental Control by

WEXFORD PLANTATION HOMEOWNERS ASSOCIATION
C/O ROBERT GUSELLA
P.O. BOX 4100
HILTON HEAD ISLAND, SOUTH CAROLINA 29938

for a permit to perform maintenance dredging of the Wexford Harbour entrance channel in

BATTERY CREEK

located at Wexford Plantation Resort on Hilton Head Island in Beaufort County, South Carolina.

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, MONDAY, 11 DECEMBER 2006

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of the performing maintenance dredging of the existing Wexford Harbour entrance channel. Approximately 3,500 cubic yards of material will be removed by hydraulic dredge and pumped to an existing upland contained disposal area. The purpose of this work is to maintain adequate water depths for boats accessing Broad Creek from Wexford Harbour. Maintenance dredging of the channel has been performed for the past 10 years under permit 96-1D-049. Approval of this permit will give Federal authorization for maintenance dredging for an addition period of ten (10) years from the date of issuance. The applicant will be required to present plans for maintenance dredging to the District Engineer a minimum of thirty (30) days prior to commencement of work. All maintenance dredging is to be performed in accordance with Federal and State regulations governing such activities at the time the maintenance dredging is undertaken.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

Charleston, South Carolina 29402-0919.**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact approximately 0.18 acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

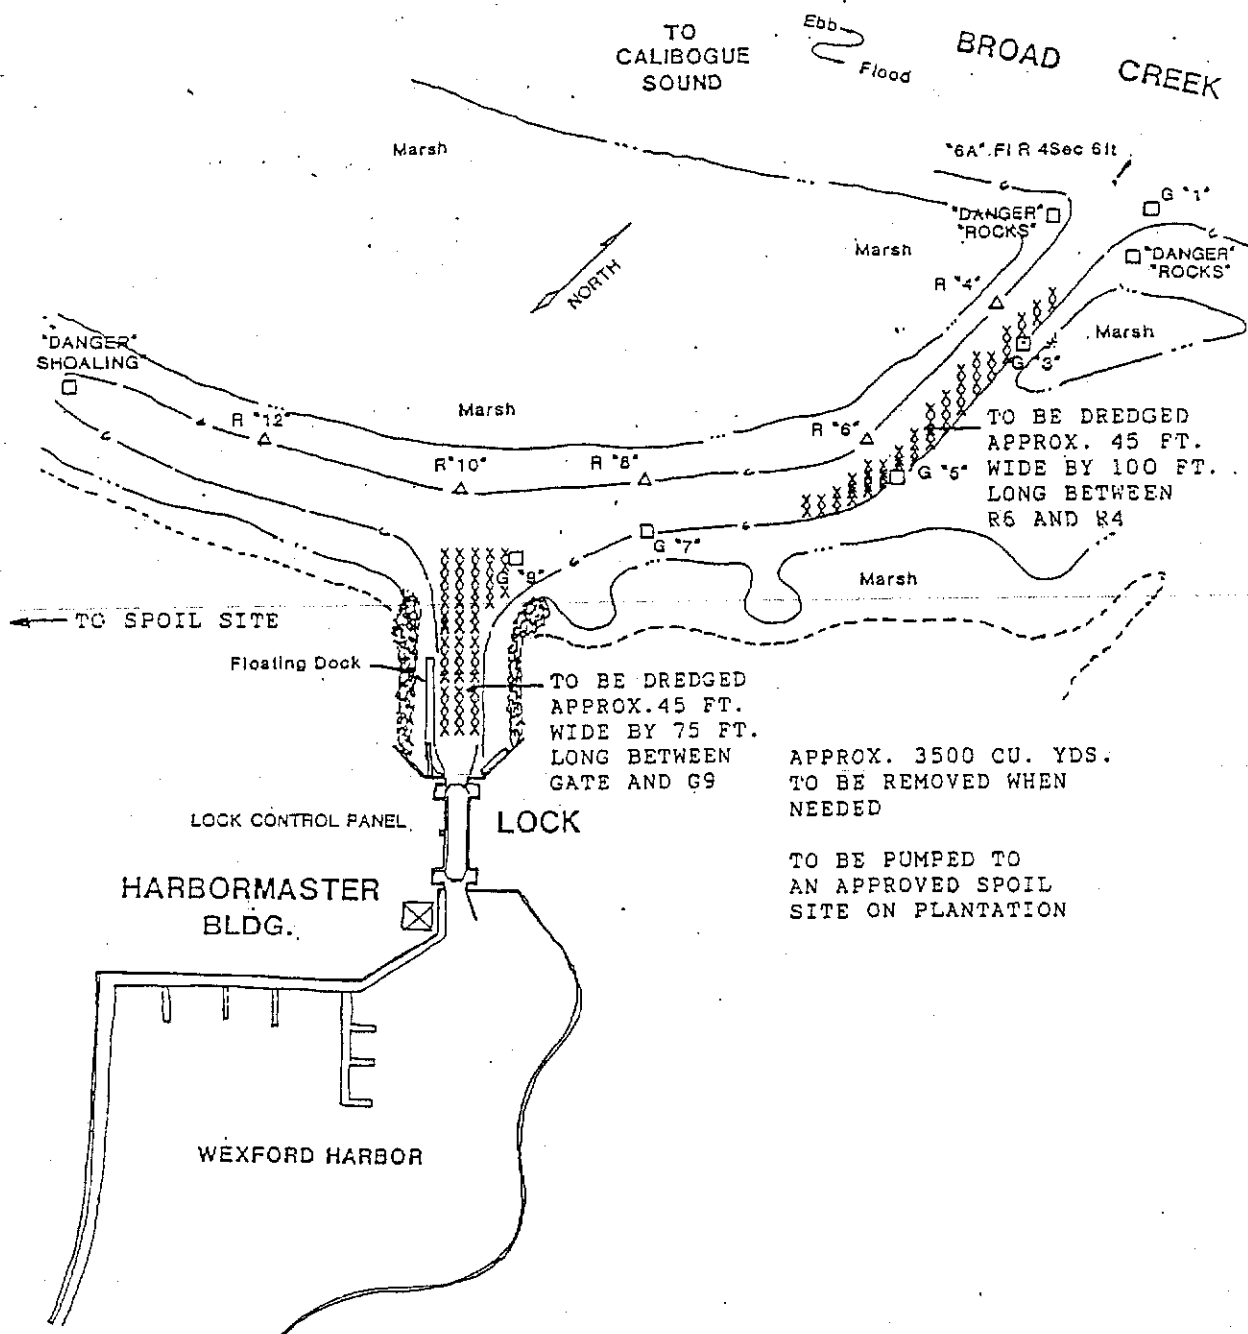

If there are any questions concerning this public notice, please contact Dean Herndon at 843-329-8044 or toll free at 1-866-329-8187.

Notification of Joint Public Notice

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management and the U.S. Army Corps of Engineers. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the application. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

REGULATORY DIVISION

Refer to: P/N #2006-2316-3IT - P

22 November 2006

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), and the South Carolina Coastal Zone Management Act (48-39-10 et. seq.) an application has been submitted to the Department of the Army and the South Carolina Department of Health and Environmental Control by

DORIS W. and WALTER F. JOHNSON
c/o BRUCE H. SANDERS
210 CLELAND STREET
GEORGETOWN, SOUTH CAROLINA 29440

for a permit to construct a docking facility in

WINYAH BAY

at 2001 Asbury Drive, Georgetown, Georgetown County, South Carolina (Latitude 33.34296° N, Longitude 79.28843° W).

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, TUESDAY DECEMBER 26, 2006

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of constructing a boardwalk, fixed pierhead, ramp, floating dock, and boatlift. In detail, the proposed work consists of constructing a 16' X 24' partially covered fixed pierhead attached to high ground by a 4' X 880' boardwalk. Additionally, a 12' X 24' floating dock and 12' X 12' boatlift will be constructed and attached to the fixed pierhead by a 3' X 16' ramp. It is understood that this work will be conducted on/or adjacent to an area subject to a prism and/or disposal easement held by the United States. If a permit is issued, appropriate provisions will be included to ensure the interests of the Federal Government are understood. The purpose of the project is for private recreational use of the applicant.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped

22 November 2006

envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

The work shown on this application must be certified as consistent with applicable provisions of the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certification is received. This activity may also require evaluation for compliance with the S.C. Construction in Navigable Waters Permit Program. State review, permitting and certification is conducted by the S.C. Department of Health and Environmental Control. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review. Persons wishing to comment or object to State certification or the navigable waters permit must submit all comments in writing to the S.C. Department of Health and Environmental Control at the above address within thirty (30) days of the date of this notice.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest. That decision will reflect the national concern for both
